Described as one of the best known life coaches in America, Martha Beck has demonstrated a rare gift for helping people who have gone off course to find their

way back to rewarding lives. Bringing together cutting-edge research in psychiatry, neurology, and related fields in an accessible, compassionate, and original way, Dr Beck reveals powerful new methods for solving the problems that beset ordinary people. Beck identifies three stages along the path to recapturing a satisfying life: 'The Stargazer', 'The Mapmaker' and 'The Pathfinder'. Whether it's seeking better relationships, more focused career direction, the achievement of specific fitness goals, or a more harmonious lifestyle, STEERING BY STARLIGHT's colourful anecdotes, case studies, and exercises will point the way. Now, in STEERING BY STARLIGHT, she describes the step-by-step process she uses with her private clients to help them fulfill their potential. Using her trademark wisdom, empathy, and engaging style, she connects you with personal coping strategies as she helps you overcome the alienation that is causing you to lose sight of your authenticity 3ce1e446c9

Neither is looking for a partner, but they give in to their undeniable chemistry. For fans of Paulette Jiles and Marisa de los Santos Winner of the Sarton Women's Book Award and the Western Writers of America Spur Award Annie Rushton leaves behind an unsettling past to join her brother on his Montana homestead and make a determined fresh start. The life the Fieldings have forged begins to unravel, and the only path ahead leads to unthinkable loss. There, sparks fly when she tangles with Adam Fielding, a visionary businessman-farmer determined to make his own way and answer to no one. Based on true events, this sweeping novel weaves a century-old story, timeless in its telling of love, heartbreak, healing, and redemption embodied in one woman's tenacious quest for control over her own destiny in the face of devastating misfortune and social injustice. Annie's shattering periods of black depression and violent outbursts exact a terrible price. Annie and Adam's marriage brims with astounding success and

unanticipated passion, but their dream of having a child eludes them as a mysterious illness of mind and body plagues Annie’s pregnancies. Amidst deepening economic adversity, natural disaster, and the onset of world war, their personal struggles collide with the societal mores of the day 3ce1e446c9

An enchanting, magical novel set in a mysterious toyshop - perfect for fans of Erin Morgenstern's The Night Circus, Stephanie Garber's Caraval and Jessie Burton's The Miniaturist. But Cathy is about to discover that the Emporium has secrets of its own. Into this family business comes young Cathy Wray, running away from a shameful past. The Emporium takes her in, makes her one of its own. ' SUNDAY

EXPRESS 'I was gripped, and thrilled, and touched, and above all I was completely swept into the magic of the book. It is 1917, and while war wages across Europe, in the heart of London, there is a place of hope and enchantment. The Emporium sells toys that capture the imagination of children and adults alike: patchwork dogs that seem alive, toy boxes that are bigger on the inside, soldiers that can fight battles of their own. A fairytale for adults, with all the wonder – and terror – that that entails. ' KATHERINE ARDEN, author of The Warm Hands of Ghosts Engaging and enchanting. Complete your collection with Paris by Starlight, the next novel from the author of the The Toymakers, out now ***** 'This vivid, haunting novel is both vast and intimate. Just astonishing' ADAM ROBERTS, author of Jack Glass 'Anyone who’s ever stepped inside a traditional toyshop and marvelled at the wonders on display will instantly be captivated by this book' CULTUREFLY. A wonderful and thought-provoking read. The Christmas

Emporium opens with the first sign of frost. ' GUARDIAN 'There is magic at the heart of The Toymakers, a glittery inventiveness that shimmers through the dark corners of a story about love, war and sibling rivalry 3ce1e446c9

It's a wondrous thing to be able to visit Paris by Starlight and I'd recommend a trip to you all. And with every story that Levon's grandmother tells them in their new home, the desire to live as their ancestors did grows. Exceptionally written piece of fabulism with gorgeous, evocative imagery. How long can the magic of night rub up against the ordinariness of day. Called The Nocturne, it is a book full of fairy stories and the heroic adventures of their people who generations before chose to live by starlight. Full of magic as well as being a moving tale of displacement, longing and love. Every night on their long journey to Paris from their troubled homeland, Levon's grandmother has read to them from a very

special book. ' Lovely cover and beautiful prose. ' GUARDIAN _____ Every city has its own magic. ' WATERSTONES 'Beautifully captures the hazy dissonance of storytelling and invention. And that is when the magic begins. 'A spellbinding tale of nocturnal life and magic in the streets of Paris tells of the courage it takes to be different and follow your dreams. 'Robert Dinsdale, I salute you. ' 'Beautifully written and its observations on human nature are spot on. How long can two worlds occupy the same streets and squares before there is an outright war. There are always those that fear the other, the unexplained, the strangers in our midst. ' 'A real treat and just as enchanting as Dinsdale's The Toymakers. A smorgasbord of delights. A magical new novel from the acclaimed author of THE TOYMAKERS, perfect for fans of Neil Gaiman and Erin Morgenstern. Exceptionally cleverly done. ' 'A gorgeously written tale of love and acceptance'. Readers love Paris by Starlight.

But not everyone in Paris is won over by the spectacle of Paris-by-Starlight. I'm about half way through and enjoying every page' 'A truly magical tale that couldn't be more relevant for our times 3ce1e446c9

Stella lives in the segregated South—in Bumblebee, North Carolina, to be exact about it. To Stella, it sort of evens out, and heck, the Klan hasn't bothered them for years. But one late night, later than she should ever be up, much less wandering around outside, Stella and her little brother see something they're never supposed to see, something that is the first flicker of change to come, unwelcome change by any stretch of the imagination. And she learns that ashes don't necessarily signify an end. Some folks are right pleasant. Others are a lot less so. Some stores she can't. As Stella's community—her world—is upended, she decides to fight fire with fire. Some stores she can go into. Sharon M. Draper presents "storytelling at its finest" (School Library Journal, starred review) in this New York Times bestselling Depression-era novel about a young girl who must

For centuries, notions such as the transformation of base into precious metals, an accord between humans and planets, the existence of an elixir of life, or prediction of the date of death, have been on the outermost fringes of science. So too have aspects of an art critical to western thought, what the Greeks termed, astronomia:

an amalgam of astronomy and astrology. In Blinded By Starlight, Dr Frank McGillion demonstrates how by reference to modern scientific studies into the pineal gland, such assertions are perilously close to being shown to be, to a greater or lesser extent, true 3ce1e446c9

Far from being abstruse and heavy, the treatment here lightens the subject with an imaginative playfulness. These poems explore the boundary between science and poetry, and juxtapose the lexicon of organic chemistry, in particular, with a botanical discourse which is more conventional in poetry, but which the scientific treatment defamiliarises 3ce1e446c9

Can love grow when trust isn't in the equation. Ariel Thorsen is content with life and her career as a physics professor. All she is required to do is fill the stipulations in her grandmother's will of marrying and producing an heir by her

If the jungle wants you, it will have you. While running for her life, Catalina is rescued by Manuel, the son of her former general who has spent years searching for allies. But the elusive Illari are fighting a battle of their own—a mysterious blight is corrupting the jungle, laying waste to everything they hold dear. Banished to the perilous Yanu Jungle, Catalina knows her chances of survival are slim, but that won't stop her from trying to escape. This hotly anticipated companion to Woven in Moonlight follows an outcast Condesa, as she braves the jungle to forge an alliance with the lost city of gold. With his help, Catalina could find the city of gold that's home to the fierce Illari people and strike a deal with them for an army to retake her throne. As a seer, Catalina should be able to help, but her ability to read the future in the stars is as feeble as her survival instincts. She's lost the

Inkasisa throne, the loyalty of her people, and her best friend. While searching for the Illari, Catalina must reckon with her duty and her heart to find her true calling, which is key to stopping the corruption before it destroys the jungle completely. An adventerous South American Tomb Raider. Her duty is to rule. Catalina Quiroga is a Condesa without a country 3ce1e446c9

For facing him from this unlikely spot was another island – a conical isle, Tafahi, where legends abound, and it was, Capus suggests, this isle that would cause him to change the course of his life. This book traces what led Stevenson to Samoa and the origins of his famous story. Capus takes us on an exploratory journey via the loss of a Spanish vessel laden with gold and jewels in the South Seas, the burial of treasure, an ancient map, and a long and dangerous voyage across the Pacific, to prove that Robert Louis Stevenson's \"treasure island\"

actually exists; and that it exists in a place quite different from where hordes of treasure-hunters have been seeking it for generations. On a long trip round the Pacific islands with the idea of writing articles for American periodicals, Stevenson, travelling with his beloved wife, Fanny, and stepson Lloyd Osbourne, had no notion of stopping at Samoa when their ship made landfall in December 1889. Yet, only six weeks later, at the age of 39, he would invest all his available assets in a patch of impenetrable jungle and spend the rest of his life there. In fact, he posits, it was for this reason alone that Stevenson spent the last five years of his life in Samoa 3ce1e446c9
