This section includes detailed descriptions of its phonetics/phonology, morphology, lexicon, and syntax. It gives a comprehensive overview of the Jews and the Romance languages in the Middle Ages (part I), as well as after the expulsions (part II). These sections are dedicated to Judaeo-Romance texts and linguistic traditions mainly from Italy, northern and southern France (French and Occitan), and the Iberian Peninsula (Catalan, Spanish, Portuguese). This manual provides a detailed presentation of the various Romance languages as they appear in texts written by Jews, mostly using the Hebrew alphabet. The Judaeo-Spanish varieties of the 20th and 21st centuries are discussed in a separate section (part III), due to the fact that Judaeo-Spanish can be considered an independent language 5e4194d086

This series is for the discerning consumer who needs a little help navigating around an unfamiliar city. There are some people for whom shopping is not a necessity but a sport. Some travelers love nothing better than to bathe in the sun. We all know the type. Then there are those who are born to shop. Others revel in immersing themselves in history and culture. Insight Shopping Guides are a play book for the avid shopper who wants to level the playing field when he or she competes against natives for the best goods and deals the city has to offer. They are ideal shopping companions for travelers wanting lively, informative background material on the best shopping areas and reliable advice on finding the most reliable service. In fact, we might ourselves be the type 5e4194d086

A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. 'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more 5e4194d086
