It allows users to play and view most streaming media Kodi (formerly XBMC) is a free and open-source media player and technology convergence software application developed by the Kodi Foundation, a non-profit technology consortium. Kodi is available for multiple operating systems and hardware platforms, with a software 10-foot user interface for use with televisions and remote controls b370bfe4f8

Furthermore, the required free and open-source software has also been developed to interface between Linux and the hardware Linux is to be executed on. For example, compilers are available, e.g. GNU Compiler Collection (GCC) and LLVM/Clang. For cross-compilation a number of complete toolchains are available, like GNU toolchain... b370bfe4f8

The build system is based on BitBake. A BitBake configuration file, called a recipe, specifies various information such as dependency and source code locations, how to build a package, and how to install and remove a compiled package. OpenEmbedded tools use these recipes to fetch and patch source code, compile and link binaries, produce binary packages (ipk, deb... b370bfe4f8

OpenEmbedded is the recommended build system of the Yocto Project, which is a Linux Foundation workgroup that assists commercial companies OpenEmbedded (OE) is a build automation framework and cross-compile environment used to create Linux distributions for embedded devices. The framework is developed by the OpenEmbedded community, which was formally established in 2003 b370bfe4f8

All comparison categories use the stable version of each implementation listed in the overview section. The comparison is limited to features that directly relate to the TLS protocol. b370bfe4f8 Kodi-XBMC is royalty-free and cross-platform. The core code is written in C++ and is open-source licensed under GNU GPL v2. It offers the possibility for easy rebranding by an original design manufacturer (ODM) or original equipment manufacturer (OEM), with customizing of interface look and feel using skins, and simple plug-ins from third-party developers, available via Python scripts for content extensions. Thus, many systems integrators have created modified versions of... b370bfe4f8
