List of scams The victim sometimes believes they can cheat the con artists out of their money, but anyone trying this has already fallen Scams and confidence tricks are difficult to classify, because they change often and often contain elements of more than one type. This list should not be considered complete but covers the most common examples. Throughout this list, the perpetrator of the confidence trick is called the "con artist" or simply "artist", and the intended victim is the "mark". Particular scams are mainly directed toward elderly people, as they may be gullible and sometimes inexperienced or insecure, especially when the scam involves modern technology such as computers and the internet. stolen money from its hiding place dda6f7eb59
