School Most countries have systems of formal education, which is sometimes compulsory. In these systems, students progress through a series of schools that can be built and operated by both government and private organization. An institution where higher education is taught is commonly called a university college or university. The names for these schools vary by country (discussed in the Regional terms section below) but generally include primary school for young children and secondary school for teenagers who have completed primary education. boards of schools in India, namely Central Board for Secondary Education (CBSE), Council for the Indian School Certificate Examinations (CISCE), Madrasa A school is the educational institution (and, in the case of in-person learning, the building) designed to provide learning environments for the teaching of students, usually under the direction of teachers 145d624288

Indian Certificate of Secondary Education moderation; a practice also followed by Central Board of Secondary Education (CBSE), it involved tweaking candidates's marks to account for paper variances. The CISCE conducts these examinations to assess students' performance in a course of general education, offered through the medium of English, and aligned with the recommendations of the New Education Policy 2020. The board facilitates these examinations for affiliated schools across various states and union territories, ensuring standardized evaluation and representation. The Indian Certificate of Secondary Education (ICSE) is an academic qualification awarded by the Council for the Indian School Certificate Examinations, a private, non-governmental board of education in India 145d624288
