All crime scenes are unique and the judgment of the first responder, agency protocols, and prevailing technology should all be considered when implementing the information in this guide. Illus. First responders to electronic crime scenes should adjust their practices as circumstances warrant. Will assist State and local law enforcement and other first responders who may be responsible for preserving an electronic crime scene and for recognizing, collecting, and safeguarding digital evidence. Addresses situations encountered with electronic crime scenes and digital evidence. The circumstances of crime scenes and Federal, State, and local laws may dictate actions or a particular order of actions other than those described in this guide bafaa4bc91

Seventeen-year-old Olivia Black has a rare birth defect known as Psyche Sans Soma, or PSS. Instead of a right hand made of flesh and blood, she was born with a hand made of ethereal energy. And when her hand goes rogue, doing things she never imagined possible, Olivia finds herself running for her life with Marcus from a group of men bent on taking the power of her hand for their own nefarious purposes. But when Marcus, the new guy in Olivia's calculus class, stares at her like she's a freak, Olivia doesn't like it. Well, she's a little bit morbid and a whole lot snarky. Ghost Hold, book two of the series, and Ghost Heart, book three of the series are now available on Google Play. What have you got to lose by grabbing this FREEBIE. Ghost Hand was a 2013 Cybil Award Nominee and a 2013 semi-finalist for The Kindle Book Review Best Indie Book Awards. Acclaimed Young Adult Paranormal Thriller Series, The PSS Chronicles, and this first book is FREE. Her mother thinks her obsession with death, black clothing, and the local cemetery is a bid for attention. How does Olivia handle being the girl with the ghost hand bafaa4bc91

Forced back into the field by MI6, after three years deskbound and in therapy, she discovers that the truth behind the Exphoria code is far worse than she could have imagined.]]\u003e. Brigitte Sharp is a brilliant but haunted young MI6 hacker. Soon she's on the run, desperate and alone, as a nuclear terrorist plot unfolds around her. When she decodes encrypted online messages, which she believes are connected to her best friend's murder, Bridge uncovers evidence of a mole inside a top secret Anglo-French military drone project. NEW RULES. The first book in a major new techno-thriller series featuring cyber-espionage specialist Brigitte Sharp. 'Very possibly the definitive espionage thriller of the early 21st century' – Alan Moore 'Antony Johnston is a talent to look out for and this, his latest entry into the world of espionage, is a treat' – Anthony Horowitz NEW SPIES bafaa4bc91

It is widely accepted in the scientific community that climate change is a reality, and that changes are happening with increasing rapidity. New material focuses on massive investments in large-scale renewables, such as the kind being taken up in California, as well as many smaller-scale activities in individual homes and businesses which are being driven by both regulatory and market mechanisms. In this second edition, leading climate researcher Barrie Pittock revisits the effects that global warming is having on our planet, in light of ever-evolving scientific research. While the message is clear that climate change is here (and in some areas, might already be having disastrous effects), there is still hope for the future, and the ideas presented here will inspire people to take action. Climate Change: The Science, Impacts and Solutions is an important reference for students in environmental or social sciences, policy makers, and people who are genuinely concerned about the future of our environment. Presenting all sides of the arguments about the science and possible remedies, Pittock examines the latest analyses of climate change, such as new and alarming observations regarding Arctic sea ice, the recently published IPCC Fourth Assessment Report, and the policies of the new Australian Government and how they affect the implementation of climate change initiatives. The book includes extensive endnotes with links to ongoing and updated information, as well as some new illustrations bafaa4bc91

With Taxes for Small Businesses QuickStart Guide, you will come to understand taxes from the inside out. This book has been specifically designed with ease of learning in mind to ensure you don't get stuck, lost, or lose hope when trying to understand small business taxes bafaa4bc91
