

Astm E140 12

Hardness comparison Although it is impossible in many cases to give an exact conversion, it is possible to give an approximate material-specific comparison table for steels. ISO 18265: "Metallic materials — Conversion of hardness values" (2013) ASTM E140-12B(2019)e1: "Standard Hardness Conversion Tables for Metals Relationship A variety of hardness-testing methods are available, including the Vickers, Brinell, Rockwell, Meyer and Leeb tests e02ab5e85b
